~~John~~ W. Namersley Esq.

(Salutation, on his first Reception  
night " on the winter of 1878-79.)

None to thee, Namersley, host of the Kingly heart,  
Towers I were with thee to share the delight  
Of those favoured friends,  
The firm: Earth's utmost ends,  
Will gather around thee in greeting this night!  
I, once a link in that circle of happiness,  
Look back to the hours I spent with thee  
Hallowed with brilliance  
that alliance,
